FEEDING DIRECTIONS

Feed to show pigs from 100 to Market depending on Muscle Development. Consult **Rowe Nutrition, LLC** for additional information.

- ◆ Rowe formulated from scratch like Carl S. Akey taught Gene 45 years ago
- ◆ Fixed formulas, no least costing
- ◆ For Show Pigs from 100 to Market
- ◆ Multiple protein sources and additional palatability factors to assure proper muscle and skeletal development while encouraging feed intake.
- ◆ Milk products for increased palatability
- ◆ Steam Rolled Oats for increased depth of rib, fill and palatability

Bovacillus™

- ◆ Direct fed Live microorganisms improves feed efficiency & performance. Produces enzymes and as a result increases fiber and starch digestibility. Reduces the load of pathogenic bacteria to decrease health challenges and Helps to maintain a normal healthy gut.
