Bacillus Licheniformis & Bacillus Subtilis, Min.....	450 million CFU/lb

INGREDIENTS

Soybean Hulls, Alfalfa Meal, Ground Oats, Distillers Dried Grains, Flaxseed Ground, Cane Molasses, Corn Oil, Calcium Carbonate, d-Biotin, Monocalcium Phosphate, Salt, Vitamin E Supplement, DL-Methionine, Lignosulfonate, L-Lysine, Yeast Culture, Vitamin E Supplement, Zinc Sulfate, Magnesium Oxide, Choline Chloride, Copper Sulfate, Iron Sulfate, Sodium Selenite, Soybean Oil, Vitamin D3 Supplement, Zinc Proteinate, Manganese Proteinate, Thiamine Mononitrate, Riboflavin Supplement, Vitamin A Acetate, Vitamin B12 Supplement, Copper Proteinate, Ethylenediamine Dihydroiodide, Pyridoxine Hydrochloride, Folic Acid, d-Calcium Pantothenate, d-Biotin, Niacin Supplement, Active Dry Yeast, Bacillus Licheniformis, Bacillus Subtilis, and Cobalt Sulfate.

FEEDING DIRECTIONS

Typical

Feed .50 to 1.50% of body weight depending on the amount of work performed, condition of the horse, quality of hay or grass consumed and ratio of forage to concentrate. Provide free choice salt. For additional feeding instructions contact **Rowe Nutrition LLC.**

Seniors

WT of Horse	600	800	1000	1200	1400
Maintenance	8.0	10.5	13.5	16.0	18.5
Light Work	9.0	11.5	14.5	17.5	20.5
Moderate Work	10.0	14.0	17.0	20.5	24.0
Lactating	14.0	18.5	23.0	28.0	33.0
Breeding Stallion	9.5	12.5	16.0	19.0	22.0

FEATURES & NUTRITIONAL BENEFITS

Formulated to meet the nutritional needs of Reproducing, Growing and Performance Horses, heavy to intense work load and Seniors

- ◆ **Low starch feed** intended to meet the nutritional need of the starch or carbohydrate restricted horse, nervous horses and seniors.
- ◆ **Equine Defense** is a unique living probiotic that helps establish and maintain beneficial intestinal bacteria for your horse while stimulating natural and healthy digestion by reinforcing and enhancing the animal's natural defenses against harmful bacteria.
 - ⇒ Improve gut health and immunity
 - ⇒ Reduction of harmful bacteria in the GI tract - Stabilizes GI tract health
 - ⇒ Maintains proper PH levels
 - ⇒ Increased Digestion - Improves Average Daily Gain
 - ⇒ Results in an improvement in nutrient utilization
- ◆ **Flaxseed** for optimal levels of Omega 3 fatty acids and improved ratios of Omega 6 to Omega 3. (see Rowe Omega 3 supplementation for Horses flyer)
- ◆ **Therapeutic levels of Biotin** for hoof and skin health.
- ◆ **Live yeast culture** to promote gut health, improve feed intake and nutrient digestibility. Good gut health leads to better overall health of the animal.
- ◆ **Chelated Trace Minerals** for increased mineral absorption.
- ◆ **B-Vitamins** including guaranteed levels of Thiamine for the processing of proteins, fats, carbohydrates and calming of nervous horses and Riboflavin for energy production and growth.
- ◆ **Added fat** for increased energy without additional starch.
- ◆ **100% of Trace mineral's** from the more available Chelate and Sulfate source. No Oxides.

NOTE: Seniors can be fed hay or pasture if free of dental problems & can chew and utilize forage. For each 1.5 pound of hay consumed per day Secure Option can be reduced by 1 pound. These feeding recommendations for Seniors can be reduced or increased depending on body condition desired and Horse's ability to convert energy to body condition. 3 feedings per day are preferred or an absolute minimum of twice daily.
