Folic Acid, Minimum.....	5.5 mgs/lb

INGREDIENTS

Dehydrated Alfalfa Meal, Dehulled Soybean Meal, Wheat Middlings, Ground Oats, Ground Corn, Soybean Hulls, Calcium Carbonate, Vegetable Oil, Cane Molasses, Corn Starch, Monocalcium Phosphate, Lignin Sulfonate, Montmorillonite Clay, Salt, Ascorbic Acid, Thiamine Mononitrate, Methionine, Yucca Schidigera Extract, Folic Acid, Propionic Acid, Sodium Hydroxide, Calcium Hydroxide, Amorphous Silicon Dioxide, Sorbic Acid, Benzoic Acid, Propylparaben, Methylparaben, BHA, Lactobacillus Acidophilus Fermentation Product Dehydrated, Lactobacillus Casei Fermentation Product Dehydrated, Bifido Bacterium Thermophilum Fermentation Product Dehydrated, Enterococcus Faecium Fermentation Product Dehydrated, Rice Hulls, Calcium Carbonate, Copper Sulfate, Iodine, Iron Sulfate, Manganese Sulfate, Sodium Selenite, Zinc Sulfate, Vitamin A Acetate In Gelatin, Vitamin D3 Supplement, Vitamin E Supplement, Biotin, Folic Acid, Niacin, d-Pantothenate Acid, Riboflavin, Thiamine Mononitrate, Pyridoxine, and Vitamin B12 Supplement.

FEEDING DIRECTIONS

Feed as much as the Guinea Pig will consume in a day.

- Young Guinea Pigs will begin eating pellets at a few days of age.
- The feeding of lettuce, cabbage, carrots, or turnips to provide additional Vitamin C is not necessary since this product contains according to the National Research Council recommendations more than double the requirement of Vitamin C.
- This product should be fed within 5 months of the manufacturing date to ensure freshness, freedom from mold growth, and adequate dietary vitamin levels. Always provide guinea pigs with plenty of clean, fresh water. Follow a strict sanitation program to prevent disease.

FEATURES & NUTRITIONAL BENEFITS

- When fed properly **Rowe Guinea Pig Formulations** exceed all essential nutrients required in a Guinea Pig's diet
- **Contains High levels of Vitamin C** - to exceed Guinea Pig requirements
- **Added Folic Acid** - to support reproductive health
- **Higher than normal levels of B-Complexes** - for health and production benefits
- **Added Fat** - for increased energy without additional starch.
- **Omega -3 Fatty Acids** - for improved ratio of Omega-6 to Omega-3 fatty acids for healthy skin and coat condition
- **Fixed Formula** - all Rowe formulations maintain the same ingredients in the same percentages continuously
